*As the apparently-perfect wife of a Nobel prize-winning writer, Close gives arguably her best ever performance in an adaptation of Meg Wolitzer's novel Behind Every Great Man is a Woman. And this film tells the story of her husband's success through the eyes of one such woman. This solid drama posts a situation in which the wife's contribution turns out to be somewhat more integral to the work than simply providing a few cups of tea and words of praise here and there.*
